XIPHIAS Software Technologies Pvt. Ltd., founded in 2002 by Rohit Kumar, is a trusted leader in self-service kiosk and enterprise technology solutions across India. Headquartered in Bangalore, XIPHIAS delivers end-to-end services ranging from kiosk hardware manufacturing to advanced software development for businesses and government organizations.

With ISO 27001:2013 and ISO 9001:2015 certifications, the company is committed to delivering secure, reliable, and high-quality solutions. Its expertise spans interactive kiosks, ERP, CRM, automation, and digital transformation platforms tailored to modern industry needs.

Driven by innovation, affordability, and customer satisfaction, XIPHIAS continues to empower organizations with smart, scalable, & future-ready technology solutions.

Plans that suits your organization

Choose from our expertly designed solution bundles or create a fully customized package tailored to your operational needs. From smart software platforms to industrial-grade hardware solutions, we deliver scalable, future-ready products built to match your business goals perfectly.
